Orthophotos were produced at a one-foot pixel resolution and dated 2001 or later. For more information, visit the FEMA website at http://www.fema.gov. National Geodetic Survey data and the North American Vertical Datum of 1988 must be compared to structure and flood elevations.

Certain areas not in Special Flood Hazard Areas may be protected by flood insurance. Check with your agent and the National Flood Insurance Program for more information.

Contact the National Geodetic Survey at or visit its website at http://www.ngs.noaa.gov/Survey. Certain flood data may reflect stream and horizontal datum changes after 1988. Visit the NGS Information Services and the North American Vertical Datum of 1988. These differences do not affect the accuracy of the FIRM. Floodway information for this jurisdiction is available in the FIRM study report for this jurisdiction.
