NOTES TO USERS

This map is to be used with the National Flood Insurance Program. It does not represent current data any other entities. Federal, state, local, and municipal boundary lines and floodplains are approximate and do not represent real-world data. Federal, state, and local fire prevention boundaries are also approximate and do not represent real-world data. To obtain more detailed information on specific areas, contact your local officials.

The map information was compiled from various sources and may not represent current information. The information depicted on this map is not intended for legal purposes and may not be accurate or complete. The information is subject to change without notice. The primary source of the information used to create this map is the U.S. Geological Survey's 1:24,000-scale topographic maps.
