NOTES TO USERS

This map is intended for informational use only, and under no circumstances should it be used for property title or boundary determinations.

The flood elevations shown on this map are referenced to the North American Vertical Datum of 1988 (NAVD 88). Elevation information is subject to verification by each community to which the map is distributed. See the legend for the definitions of the various flood zones and related terms used on the Federal Insurance Study (FIS) panel. Federal Emergency Management Agency (FEMA) products are developed and issued as a public service by FEMA for informational purposes only.

This map reflects more detailed and updated topographic information. Obtain updated topographic maps from your local governmental agencies.
