This map reflects more detailed and up-to-date information at the time of publication. Because changes due to annexations or de-annexations or other jurisdictional changes may occur after publication, refer to Section 2.4 "Flood Protection Measures" of the Flood Insurance Program. Use of this map is for use in administering the National Flood Insurance Program. It shows flood hazards in the area as they exist as of the date of publication.

NOTES TO USERS
This map is for use in administering the National Flood Insurance Program. It does not represent current or all future levels of flood hazards. Flood hazards are dynamic and change over time due to natural and human-induced changes. Therefore, the information provided by this map should be used as a starting point for flood hazard analysis and planning. This map is not intended for legal reference. For legal reference, refer to the Flood Insurance Rate Map (FIRM) distributed by the Federal Emergency Management Agency (FEMA). This map is not intended for legal reference. For legal reference, refer to the Flood Insurance Rate Map (FIRM) distributed by the Federal Emergency Management Agency (FEMA).

CONTRIBUTOR
Coastal Plain Division

The National Flood Insurance Program (NFIP) is a federal program that provides coverage for structures and personal possessions in designated flood hazard areas. The NFIP requires that all properties in designated flood hazard areas be evaluated and that flood insurance be purchased for properties in designated flood hazard areas. The NFIP is administered by the Federal Emergency Management Agency (FEMA). The NFIP is a voluntary program that provides coverage for structures and personal possessions in designated flood hazard areas. The NFIP is administered by the Federal Emergency Management Agency (FEMA).
