FINDINGS, CONCLUSIONS AND DECISION

FINDINGS:

Based on all the evidence of record, the following findings of fact are entered.

1. The master list of exhibits and witnesses which is a part of this file and which exhibits were considered by the Examiner, is hereby made a part of this file, as if set forth in full herein.
2. The PDS staff report has correctly analyzed the nature of the application, the issues of concern, the application's consistency with adopted codes and policies and land use regulations, and the State Environmental Policy Act (SEPA) evaluation with its recommendation and conditions. That this report is hereby adopted by the Examiner as if set forth in full herein.
3. The Hearing Examiner can condition or deny a rezone if there is substantial evidence in the record of the need to do so in the interest of the public health, safety and welfare. However, none of the assertions listed above achieves that evidentiary level in this record at this stage.
4. There are no mitigation requirements required for parks, schools or roads and the DPW has no comments or objections but will provide its input during the short plat approval process.

5. The Snohomish County Health District has no objection to this proposal provided that public water and sewer are furnished.
6. Public water, sewer service and electrical power will be available for this development.
7. The request is consistent with Section 30.70.100 SCC (Section 32.50.100 SCC), which requires, pursuant to RCW 36.70B.040, that all project permit applications be consistent with the GMACP, and GMA-based county codes.
8. Any Finding of Fact in this Report and Decision, which should be deemed a Finding of Fact, is hereby adopted as such.

CONCLUSIONS of LAW:

Based on the findings of fact entered above, the following conclusions of law are entered.

1. The Examiner, having fully reviewed the PDS staff report hereby adopts said staff report as properly setting forth the issues, the land use requests, consistency with the existing regulations, policies, principles, conditions and their effect upon the request. It is therefore adopted by the Examiner as a conclusion as if set forth in full herein. There are no changes to the recommendations of the staff report.
2. The request is for a rezone and, therefore, must be consistent with the GMACP; GMA based county codes. In this regard, the request is consistent with those plans and codes. The type and character of land use permitted on the project site is consistent with the General Policy Plan (GPP) ULDR designation of the property and meets the required regulatory codes as to density, design and development standards.
3. Chapter 30.42A covers rezoning requests and applies to site specific rezone proposals that conform to the Comprehensive Plan. The decision criteria under SCC 30.42A.100 provides as follows:

The hearing examiner may approve a rezone only when all the following criteria are met:

- (1) The proposal is consistent with the comprehensive plan;
- (2) the proposal bears a substantial relationship to the public health, safety, and welfare;
- and
- (3) where applicable, minimum zoning criteria found in chapters 30.31A through 30.31F SCC are met.

It is the finding of the Examiner that the request meets these requirements generally and should be approved.

4. Staff concludes that the proposal is consistent with the rezone criteria and the Examiner concurs. The proposal is consistent with the comprehensive plan, and by implementing the plan the proposal advances the public health, safety and welfare. Minimum zoning criteria can be satisfied on this site. The application to rezone the property as requested should be approved
5. Any Conclusion in this Report and Decision, which should be deemed a Finding of Fact, is hereby adopted as such.

DECISION:

Based on the Findings of Fact and Conclusions of Law entered above, the decision of the Hearing Examiner on the application is as follows:

The request to **REZONE** the property from Residential-9600 (R-9600) to Residential-7200 (R-7200) is hereby **APPROVED**.
