DATE OF DECISION: August 31, 2007

PLAT/PROJECT NAME: *Logan Road*

DECISION (SUMMARY): Rezone from R-8,400 to MR is **REMANDED**.

**BASIC INFORMATION**

GENERAL LOCATION: This project is located at 130 Logan Road, Lynnwood, Washington.

ACREAGE: 1.46 acres

ZONING: CURRENT: R-8,400  
PROPOSED: MR

COMPREHENSIVE PLAN DESIGNATION:

General Policy Plan Designation: Urban High Density Residential

UTILITIES:

Water/Sewer: Alderwood Water and Wastewater District

SCHOOL DISTRICT: Edmonds No. 15

FIRE DISTRICT: No. 1

## **INTRODUCTION**

The applicant filed the Master Application on April 5, 2007. (Exhibit 1)

The Department of Planning and Development Services (PDS) gave proper public notice of the open record hearing as required by the county code. (Exhibits 13, 14 and 15)

A SEPA determination was made on June 8, 2007. (Exhibit 12) No appeal was filed.

The Examiner held an open record hearing on August 2, 2007, the 63<sup>rd</sup> day of the 120-day decision making period.

## **PUBLIC HEARING**

The public hearing commenced on August 2, 2007 at 2:17 p.m.

1. The Examiner stated that he had read the PDS staff report, reviewed the file and viewed the area.
2. The applicant, Family Ventures, LLC, was represented by Emily Fuller of Insight Engineering. Snohomish County was represented by Elbert Esparza of the Department of Planning and Development Services. No member of the general public participated in this matter except by two pre-hearing telephone inquiries to the Department of Planning & Development Services expressing concern about traffic, roads, open space and guest parking. No document or testimony memorializes those telephone calls.
3. The hearing concluded at 2:29 p.m.

**NOTE:** For a complete record, an electronic recording of this hearing is available in the Office of the Hearing Examiner.

## **FINDINGS, CONCLUSIONS AND DECISION**

### **FINDINGS OF FACT**

Based on all the evidence of record, the following findings of fact are entered.

1. The master list of exhibits and witnesses which is a part of this file and which exhibits were considered by the Examiner is hereby made a part of this file as if set forth in full herein.
2. The applicants, Family Ventures, LLC, filed an application requesting approval of a rezone of a 1.46-acre parcel from R-8,400 to MR. No critical area (steep slope, wetland, or stream) is on or near the site. One existing single-family structure will be removed and 15 single-family detached units will be built under administrative site plan approval.

3. The subject 1.5-acre site is zoned R-8,400. The surrounding community is zoned a mixture of R-7,200, R-8,400 and R-9,600 with an existing MR zoning district to the south. The predominant land use in the vicinity is single-family but the Department of Planning & Development Services has administratively approved the Northwood Ridge (06-125824) multiple family residential project.
4. There are no critical areas on or within 100 feet of the project site.
5. There is no mitigation required for parks, schools or roads and the DPW has no comments or objections but will provide its input during the short plat approval process.
6. The Snohomish County Health District has no objection to this proposal provided that public water and sewer are furnished. Public water, sewer service and electrical power will be available for this development via the Alderwood Sewer and Water District.
7. The property is designated Urban High Density Residential (UHDR 12-24 du/ac) on the General Policy Plan (GPP) Future Land Use Map (FLUM) and is located within an Urban Growth Area (UGA). According to the GPP, the UHDR designation allows high density residential land uses such as townhouses and apartments generally near other high intensity land uses.. Land in this category may be developed at a density of 24 dwelling unit per acre and one of the implementing zones is the MR zone which is the case here.
8. The record contains a full drainage report (Exhibit 4) of exceptional quality: it is reader-friendly, well marked by section topics, focused on relevant issues, and suitable for a lay person to interpret. The traffic report, on the other hand, tends to focus only on the issues reviewed for “concurrency”, which has much to do with impact fees to be assessed but little to do with issues of concern expressed, albeit telephonically, by the neighbors. The staff report (Exhibit 18) asserts that traffic concerns have been addressed by the staff review for the associated administrative site plan. However, none of that review is in the record from which the Examiner could enter findings of fact or conclusions of law as to whether or not the proposed rezone bears a substantial relationship to the public health, safety and welfare. The record is devoid of evidence about issues raised by the community: traffic impacts, road conditions, lack of open space and parking.
9. Any finding of fact in this decision which should be deemed a conclusion is hereby adopted as such.

### **CONCLUSIONS OF LAW**

Based on the findings of fact entered above, the following conclusions of law are entered.

1. The Hearing Examiner’s decision on a rezone application is a Type 2 decision based on (1) a report by the County staff and a file assembled by that staff and (2) evidence received through an open record public hearing. The burden of proof is on the applicant to demonstrate by a preponderance of the evidence that the proposed rezone meets the two applicable rezone decisional criteria set out at SCC 30.42A.100: (1) that the proposed rezone is consistent with the Comprehensive Plan and (2) that the proposed rezone bears a substantial relationship to the public health, safety and welfare. The Hearing Examiner’s decision on those criteria is the final County action unless appealed to the County Council. (SCC 30.72.020 -.025)

2. The request is for a site-specific rezone and, therefore, must be consistent with the GMA Comprehensive Plan and Snohomish County Code regulatory provisions which implement that plan. The request for LDMMR zoning here is consistent with the type and character of land use permitted on the project site by the General Policy Plan (GPP) ULDR designation of the property. However, in addition to being consistent with the map designation, the proposal must also be consistent with relevant Plan policies such as (but not limited to) Land Use Policy 1.A.4 concerning infrastructure capacity, Land Use Policy 2.A.3 concerning critical areas, and Housing Policy 2.A.1 concerning preservation of the character of stable residential neighborhoods. (See County Council Motion No. 07-447.) In fact, the General Policy Plan provides at page LU-15 that the County will broaden the variety of housing types in traditional single-family and multi-family neighborhoods:

*“...while respecting the vitality and character of established residential neighborhoods A mix of housing types with a range of densities will be encouraged throughout UGA’s, as long as they are carefully sited, well designed, and sensitively integrated into existing communities.”* (Emphasis supplied.)

3. As noted above, the instant proposal’s consistency with the Comprehensive Plan is only one of the two applicable criteria set out at SCC 30.42A.100 which must be met before a rezone can be approved. A rezone must also comply with the second criterion: i.e., the rezone must bear a substantial relationship to the public health, safety and welfare. The bold-quoted language above is an expression of the second of the two rezone criteria. Stated in the converse, the quoted language provides that until it is determined that a proposed rezone’s housing types are carefully sited, well designed, and sensitively integrated into an existing community, the proposed rezone cannot be found to bear a substantial relationship to the public health, safety and welfare. That burden of proof which must support that determination cannot be met without actual consideration of site-specific facts. A conclusory statement that a proposed rezone meets the criteria is no more acceptable than would be a conclusory statement that the proposed rezone fails to meet the criteria. The departmental staff and, in turn, the Hearing Examiner, must “show your work” and rationale in concluding whether or not a proposed rezone meets or does not meet the applicable criteria.
4. The requirement to actually consider the applicable criteria, particularly when relevant citizen concerns are expressed, is mandated by the County Council’s Amended Ordinance No. 07-022 effective June 4, 2007, which at page 2 repeats the above-quoted Comprehensive Plan provision encouraging a mix of housing types with a range of densities only if “*carefully sited, well designed, and sensitively integrated into existing communities...*” The County Council reinforced that requirement to “show your work” in its Motion No. 07-447 of August 8, 2007 remanding a rezone application on appeal (Brookstone Investments, LLC, 06-135148) for failure to have adequately evaluated all project-level factors concerning the two criteria discussed above herein.
5. This matter should be remanded for further study and for a supplemental staff report consistent with the findings of fact and conclusions of law entered above and with Snohomish County Amended Ordinance No. 07-022 and County Council Motion No. 07-447.
6. Any conclusion in this decision which should be deemed a finding of fact is hereby adopted as such.

## DECISION

Based on the findings of fact and conclusions of law entered above, the decision of the Hearing Examiner on the application is as follows:

The request for a rezone from Residential-8,400 to Multiple Residential is **REMANDED** for appropriate and adequate analysis of (1) the proposed rezone's compliance with applicable land use policies and other policies of the Comprehensive Plan, (2) compliance with the rezone criteria at SCC 30.42A.100(1) and (2), and (3) an analysis of the entire record, not merely of the Comprehensive Plan issues, as to how the proposal bears a substantial relationship to the public health, safety and welfare. (For guidance, see Council Motion 07-447).

Decision issued this 31<sup>st</sup> day of August, 2007.

## **EXPLANATION OF RECONSIDERATION AND APPEAL PROCEDURES**

The decision of the Hearing Examiner is final and conclusive with right of appeal to the County Council. However, reconsideration by the Examiner may also be sought by one or more parties of record. The following paragraphs summarize the reconsideration and appeal processes. For more information about reconsideration and appeal procedures, please see Chapter 30.72 SCC and the respective Examiner and Council Rules of Procedure.

### Reconsideration

Any party of record may request reconsideration by the Examiner. A petition for reconsideration must be filed in writing with the Office of the Hearing Examiner, 2<sup>nd</sup> Floor, County Administration-East Building, 3000 Rockefeller Avenue, Everett, Washington, (Mailing Address: M/S #405, 3000 Rockefeller Avenue, Everett WA 98201) on or before **SEPTEMBER 10, 2007**. There is no fee for filing a petition for reconsideration. **"The petitioner for reconsideration shall mail or otherwise provide a copy of the petition for reconsideration to all parties of record on the date of filing."** [SCC 30.72.065]

A petition for reconsideration does not have to be in a special form but must: contain the name, mailing address and daytime telephone number of the petitioner, together with the signature of the petitioner or of the petitioner's attorney, if any; identify the specific findings, conclusions, actions and/or conditions for which reconsideration is requested; state the relief requested; and, where applicable, identify the specific nature of any newly discovered evidence and/or changes proposed by the applicant.

The grounds for seeking reconsideration are limited to the following:

- (a) The Hearing Examiner exceeded the Hearing Examiner's jurisdiction;
- (b) The Hearing Examiner failed to follow the applicable procedure in reaching the Hearing Examiner's decision;
- (c) The Hearing Examiner committed an error of law;
- (d) The Hearing Examiner's findings, conclusions and/or conditions are not supported by the record;
- (e) New evidence which could not reasonably have been produced and which is material to the decision is discovered; or

(f) The applicant proposed changes to the application in response to deficiencies identified in the decision.

Petitions for reconsideration will be processed and considered by the Hearing Examiner pursuant to the provisions of SCC 30.72.065. Please include the County file number in any correspondence regarding this case.

**Appeal**

An appeal to the County Council may be filed by any aggrieved party of record. Where the reconsideration process of SCC 30.72.065 has been invoked, no appeal may be filed until the reconsideration petition has been disposed of by the hearing examiner. An aggrieved party need not file a petition for reconsideration but may file an appeal directly to the County Council. If a petition for reconsideration is filed, issues subsequently raised by that party on appeal to the County Council shall be limited to those issues raised in the petition for reconsideration. Appeals shall be addressed to the Snohomish County Council but shall be filed in writing with the Department of Planning and Development Services, 2<sup>nd</sup> Floor, County Administration-East Building, 3000 Rockefeller Avenue, Everett, Washington (Mailing address: M/S #604, 3000 Rockefeller Avenue, Everett, WA 98201) on or before **SEPTEMBER 14, 2007** and shall be accompanied by a filing fee in the amount of five hundred dollars (\$500.00); PROVIDED, that the filing fee shall not be charged to a department of the County or to other than the first appellant; and PROVIDED FURTHER, that the filing fee shall be refunded in any case where an appeal is dismissed without hearing because of untimely filing, lack of standing, lack of jurisdiction or other procedural defect. [SCC 30.72.070]

An appeal must contain the following items in order to be complete: a detailed statement of the grounds for appeal; a detailed statement of the facts upon which the appeal is based, including citations to specific Hearing Examiner findings, conclusions, exhibits or oral testimony; written arguments in support of the appeal; the name, mailing address and daytime telephone number of each appellant, together with the signature of at least one of the appellants or of the attorney for the appellant(s), if any; the name, mailing address, daytime telephone number and signature of the appellant’s agent or representative, if any; and the required filing fee.

The grounds for filing an appeal shall be limited to the following:

- (a) The decision exceeded the Hearing Examiner’s jurisdiction;
- (b) The Hearing Examiner failed to follow the applicable procedure in reaching his decision;
- (c) The Hearing Examiner committed an error of law; or
- (d) The Hearing Examiner’s findings, conclusions and/or conditions are not supported by substantial evidence in the record. [SCC 30.72.080]

Appeals will be processed and considered by the County Council pursuant to the provisions of Chapter 30.72 SCC. Please include the County file number in any correspondence regarding the case.
