The Snohomish County Sheriff's Office Major Crimes Unit has removed Steven N. Hadaway from the list of people reported missing as a result of the 530 Slide. Hadaway's body was recovered last week and positively identified by the Snohomish County Medical Examiner's Office yesterday.

Molly Kristine "Kris" Regelbrugge of Arlington remains on the list of missing. The list will be updated when detectives have gathered sufficient information to add new names to the list, or if additional victims are recovered from the debris field and are identified by the Snohomish County Medical Examiner's Office.
