

**Snohomish County
CY 2019 Annual Report
Attachment for Question 50a
Field Screening Methodology**

Question Number 50a *“Cite field screening methodology used in the Comments field.”*

No field screening of known MS4 completed.

For the Stillaguamish TMDL area, the ditch inspection methodology per the *Illicit Connection and Illicit Discharge field Screening and Source Tracking Guidance Manual* (Herrera, 2013) was used.
