Snohomish County
Medical Examiner's Office
9509 29th Ave W, Everett, WA 98204
425-438-6200

Cause of Death

Cause of Death is a term used to indicate the medical cause of death, listing the disease(s) or injuries that caused death. Specific cause of death information is recorded on the death certificate and is entered into the Vital Statistics System of the State of Washington.

Manner of Death

Manner of Death is the way to categorize death as required by the Washington State Department of Health. The classifications are Natural, Accident, Suicide, Homicide, Undetermined, and Pending. Only medical examiners and coroners may certify non-natural deaths.

Natural is defined for Medical Examiner death certification purposes as a death due solely to an illness or medical issue not influenced by external factors.

Accident is defined for Medical Examiner death certification purposes as an unnatural death resulting from an inadvertent chance happening.

Suicide is defined for Medical Examiner death certification purposes as a death from self-inflicted injury with evidence of intent to die.

Homicide is defined for Medical Examiner death certification purposes as the action of one person directly causing the death of another. All murders are homicides, not all homicides are murder. An example may be an unintentional firearms-related hunting death.

Undetermined is defined for Medical Examiner death certification purposes for cases that have very little available information about the circumstances surrounding death (e.g., partial skeletal remains) or where known information equally supports, or conflicts with, more than one manner of death.

Pending is defined for Medical Examiner death certification purposes as a temporary designation for cause and/or manner when additional investigation, information and/or test results are required for certification. Pending is generally amended as soon as additional information becomes available.

Twin Lakes Avenue in Marysville, Washington on April 19th, 2022. The decedent is **Michael R. Hopson** of Arlington, Washington. The cause of death is natural.

For further information, please contact the Marysville Police Department.

The Snohomish County Medical Examiner's Office has completed the examination and confirmed the identification of the 70-year-old male who was shot near the 19000 block of 64th Avenue West in Lynnwood, Washington on April 5th, 2022. The decedent is **Carl W. Bridgmon** of Lynnwood, Washington. The cause of death is gunshot wounds. The manner of death is Homicide.

For further information, please contact the Lynnwood Police Department.

Statement from Carl Bridgmon's family:

Family of a beloved Lynnwood man, who was innocently killed during the April 5 senseless shooting at Daleway Park in Lynnwood shares about their Dad, Carl Bridgmon.

Bridgmon was tragically killed on April 5 after the vehicle he was sitting in was shot by unknown suspects who were in a confrontation with other individuals, also unknown to Bridgmon.

"Our family is in complete shock. Thank you for the community's concern for our Dad, Carl Bridgmon, he was 70-years-old and a Lynnwood resident," said the Bridgmon family.

"Our Dad loved to go to that park and sit and have his coffee several times a week," said his daughter Courtney Teno. We are devastated and would really appreciate privacy as we process this over the next few days and weeks."

Carl leaves behind two daughters, their significant others, two sisters and many other loved ones and friends. "Carl never met a person he didn't talk to or try to make friends with," Teno said.

The postmortem report is confidential in the state of Washington ([RCW 68.50.105](#)). Visit the [Records Request](#) page for information on obtaining postmortem reports.

While this is still an active investigation, any and all questions should be directed to the Lynnwood Police Department. Anyone with information should contact Detective Arnett at 425-670-5669. You can also leave tips at Crime Stoppers of Puget Sound at 1-800-222-8477.
