**NOTICE OF REVISED URBAN RESIDENTIAL DESIGN STANDARDS (URDS)  
SUPPLEMENTAL SUBMITTAL CHECKLIST**

Pursuant to the provisions of Snohomish County Code (SCC) 30.70.030(1), notice is hereby given that Snohomish County Planning and Development Services (PDS) has revised the form titled “Urban Residential Design Standards Supplemental Submittal Checklist”. This checklist was revised for consistency with modern business practices and recently adopted code amendments related to urban residential development regulations by Ordinance No. 17-062, which became effective on December 17, 2017. Specifically, the changes to the checklist: 1) establish a new checklist format and branding; 2) clarify applicability of the checklist; 3) add interactive features; 4) separate requirements in different sections from universal applicability to specific requirements by project type; 5) clarify and add commonly requested information necessary to review and approve an URDS administrative site plan; 6) add new submittal requirements associated with Ordinance No. 17-062; 7) add new electronic submittal standards and information; and 8) update general terminology and code citations.

The revised submittal checklist and its requirements will be effective February 4, 2018.
