Snohomish County is proposing to replace two culverts under 280th St NE, northwest of Arlington.

The existing culverts are deemed fish-passage barriers. The new box culverts are designed to meet fish passage standards.

**Schedule**
Construction is expected to begin on July 1, 2022 and end in mid-September. Construction crews will be working Monday – Friday during daylight hours.

**Traffic Impacts**
During construction there will be single-lane closures. Emergency services will be notified and able to get through the project area.
