This comparison chart is not an all-inclusive list of benefits, and should not be considered a replacement for the more detailed information set forth in the plan booklets produced by each insurance company. All covered benefits are subject to the limitations, exclusions and provisions of the plan. To be covered, medical services and supplies must be medically necessary for the treatment of an illness or injury (except for any covered preventive care).

All dollar amounts provided indicate a copay you are responsible for paying after you have met your annual deductible, if applicable. All percentages provided indicate your share for covered services after you have met your annual deductible, if applicable. If there are any discrepancies between this summary and the official plan booklets, the plan booklets will govern in all cases.
