## Transition Re-entry Coach

The Transition Reentry Coach coaches youth between ages of 14 and 18 in Snohomish County who have been out of the home for 24 hours and have an adult family member willing to engage in the youth's transition back home and into their community.

## Transition/Re-entry School

- Helps students navigate transition back to school.
- Coaches students through collaboration skills with school officials.
- Guides application process to technical training programs, colleges, scholarships, etc.
- Guides family through FAFSA applications.
- Connects students to GED programs.

## Re-entry to family

- Coaches youth through process to find stable housing.
- Helps family connect with resources to improve family to youth relationships.

## Transition to employment

- Helps students build resumes and fill out job applications.
- Helps youth prepare for job interviews.
- Helps youth obtain interviews and acquire jobs.
- Aids youth with appropriate interview appearance, may take youth shopping.

## Re-entry to community

- Helps youth identify community organizations that can supplement interest and passion.
  - Helps youth find interesting volunteer work where they can make a difference or reconnect with a passion.
  - Helps youth navigate community expectations with focus on personal goals.
  - Guides youth to successfully navigate transportation schedules and concerns.
  - Helps youth identify adult living skills that prepare them for independent living.
- 
-

## Objectives

1. Works with youth to identify family, caregivers, and community members important to the youth and helps youth identify community organizations and members necessary for reentry.
2. Hold a planning meeting to facilitate family-driven, youth guided planning process and collaboratively develop a reentry plan.
3. Once youth is released, transition facilitation to the youth or caregiver.
4. Additional one on one support can be provided to coach the youth to complete specific task that will help accomplish a goal.

### What is Transition Re-entry?

The Transition/Re-entry Coaches serve as resources for parents and students and works with students, families, schools, and local community programs to coordinate support for our youth.

The Transition/Re-entry Coach mentors youth during their re-entry into their community and helps youth identify ways to improve their connections with family, school, and community.

Navigating the requirements of probation, school, treatment, employment, and learning the skills necessary of becoming independent can be overwhelming. The Transition Reentry Coach is here to help.
