SNOHOMISH COUNTY PUBLIC WORKS

Trombley Road closed June 30 - July 18, 2014

Snohomish County is planning to make repairs to a hillside on Trombley Road just south of 183rd Drive SE. Three quarters of the road will be excavated. The sloughing soil will be removed and replaced with soil wrapped in layers of geofabric and covered with ecology blocks. This is a newer technique used to add stability and erosion control to embankments. The road will be repaved to complete the project.

A full road closure to through traffic will be in effect for three weeks. The detour route will be signed along Trombley Road | South Spada Road | Iverson Road (171st Ave SE) | 167th Ave SE | Trombley Road. Local traffic will have access from the north or the south, depending on which side of the project they want to access.
