

HOME TBRA RFP Supplemental Questions and Answers

APPLICATIONS DUE ON JUNE 30, 2015

Questions and Answers:

Q1: Attachment A is an Excel budget called “Budget-Deposits Only” – does this include both Security and Utility Deposits?

A1: Attachment A is for Security *and* Utility Deposits and Attachment B is for Security Deposits, Utility Deposits, and Rental Assistance. Please refer to the RFP to determine specific eligible costs.

Q2: The Tenant Based Rental Assistance (TBRA) Project Narrative, Project Outcomes question requires agencies to propose anticipated outcomes. Is it reasonable to use Rapid Rehousing outcomes as a basis for the proposed outcomes under the TBRA RFP?

A2: Yes, agencies may reference other applicable outcomes in determining the proposed outcomes under the TBRA RFP. In proposing these outcomes, please ensure that they are reasonable for the proposed target (sub)population(s). In addition, the narrative response must be responsive to the questions asked.

Q3: The Application Cover Sheet, Budget & Service Levels section has a space to indicate the “Projected Households to be Served Annually.” How should we indicate the number to be served annually if this number will likely vary depending on if the project is providing Security Deposits and Utility Deposits only, versus Security Deposits, Utility Deposits, and Rental Assistance?

A3: Agencies may make this distinction on the Application Cover Sheet by responding as follows: “[Number of households to be served annually] (Deposits only) and [Number of households to be served annually] (Deposits and Rental Assistance).”
