Snohomish County Medical Examiner Case # 15SN2618

Snohomish County Sheriff's Office Case # 79-0189

On January 3, 1979, a duck hunter discovered partially skeletonized human remains in the mud flats west of State Route 529 and south of Steamboat Slough near Marysville, Washington. The remains are a Native American or White male, 30 – 70 years old, approximately 5' tall. Clothing included a red/ orange and white/gray plaid shirt, khaki pants and a 33 – 34" belt. The left femur showed an un-set fracture, so he most likely would have had a noticeable uneven gait. The cause and manner of death are undetermined.
