Index-Galena Road

Community input is needed on the NEPA Environmental Assessment prepared for the proposed Index-Galena Road repair

Snohomish County Public Works is hosting an open house and public hearing to gather community comments on the National Environmental Policy Act (NEPA) submission prepared for the proposed Index-Galena Road repair between milepost 6.4 and 6.9. Snohomish County Public Works has repaired 10 of the 11 areas originally damaged during the 2006 flooding. This is the final repair needed to complete the project.

This repair would restore the vital corridor that connects to homes and campgrounds in the area, but also provides access to a multitude of recreational activities. The project scoping and the preliminary design for these repairs to Index-Galena road have been completed. Construction is estimated to begin in the spring of 2018.

Snohomish County is seeking public review and comment for the NEPA Environmental Assessment. To learn more about the project plans, project design or to submit your comment, please attend our open house and public hearing. The NEPA Environmental Assessment can also be found online at www.snohomishcountywa.gov/624.
