Councilmembers Terry Ryan, Nate Nehring, Sam Low, Chair Brian Sullivan and Vice-Chair Stephanie Wright

[Subscribe to Snohomish County's Weekly Roads Construction Update](#)

We had one vacancy on the County Council due to Councilmember Ken Klein resigning to accept a position in the Executive's office. The Snohomish County Republicans met to discuss and forward three candidate names to the Snohomish County Council.

The three candidates were Kevin Ashe, Darrington Town Councilmember, Nate Nehring, Science Teacher and member of the Stanwood Planning Commission and Michael Stevens, Architect and Marysville Councilmember. All three candidates were interviewed by the County Council on Monday, January 23rd.

We were impressed with all three qualified candidates. After the interviews, the Council voted unanimously to appoint Nate Nehring to the County Council. The appointment will run through the November election cycle this fall. This Council position is up for election this year for a full four year term beginning January 1<sup>st</sup>, 2018 - December 31<sup>st</sup>, 2021.

## **Community Meetings**

January 2017 meeting with the Clearview  
Community Association

Over the last three years, I have attended many community meetings throughout my district. I always enjoy meeting and helping our residents.

Some of these meetings are very specific: Neighborhoods requesting information regarding pending development around their neighborhoods, possibility of slowing some traffic down near their neighborhoods, Town Hall meetings to provide information to our residents and Homeowner Association residents concerned about impacts of the heroin epidemic in Snohomish County.

If your neighborhood would like to schedule a community meeting please contact my office at 425-388-3494 and we will set it up.

**Public Works Open House:** 156th Street SE,  
Seattle Hill Road, and 35th Avenue SE

Public Works is hosting an open house to discuss these three projects in the unincorporated Mill Creek/Bothell area.

**When:** Thursday, February 23, 2017 - stop by anytime between 5:30 and 7:30 p.m.

**Where:** Mill Creek Elementary School in the Cafeteria

**What:** Residents of the area, commuters, and families of nearby schools are invited to discuss the three projects. Staff will be available to answer questions about the Seattle Hill Road construction, review the proposed road

improvements to the section of 35th Avenue SE, and gather feedback on potential designs for the 156th Street SE project.

Questions or comments about the open house should be directed to Catherine Higgins via email or by calling 425-388-3053.

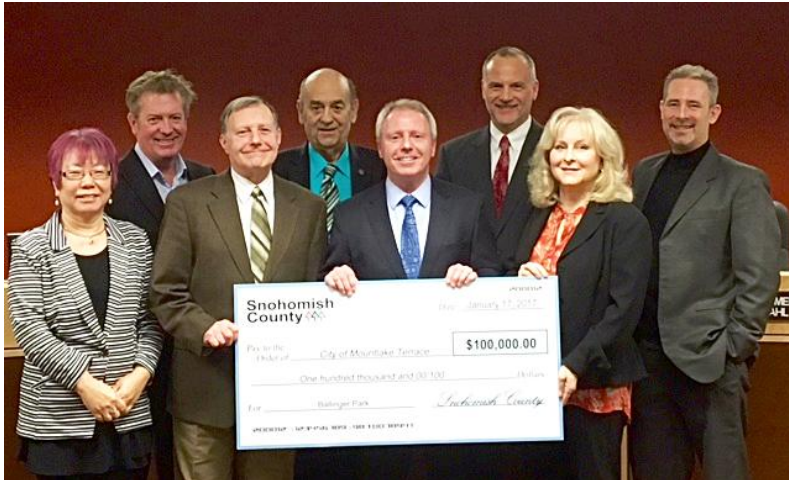

**Road Closure: in the Bothell area of the full road closure on 14 Dr SE.**

This full road closure will be Feb 22, 2017 through Apr 28, 2017 with a possible extension through May 2017. James W Fowler Co has been granted permission to close 14 Dr SE in the 20300 block to complete connection to the new sewer line of the North Creek Interceptor Sewer Improvement project for King County. A 20 ft pit will be needed to connect the sewer in the road to the cross property sewer line at this location. The work is expected to take 3 months to complete.

Emergency vehicles and school district transportation will NOT have access. A detour route is posted.

Questions regarding this project may be directed to Snohomish County Public Works, at (425) 388-6453 or search for "Roads Central" online at [www.snoco.org](http://www.snoco.org).

**Mountlake Terrace Ballinger Park**

Mayor Pro Tem Kyoko Wright, Councilmembers Sean Richards, Rick Ryan, Mayor Jerry Smith, County Councilman Terry Ryan, Councilmembers Doug McCardle and Bryan Wahl

Whether it's Snohomish County or a city or a private organization, partnerships are crucial to any successful park and recreation project. At the January 17 City Council meeting, I was honored to present the City of Mountlake Terrace with \$100,000 to help with their Ballinger Park Master Plan. It will take many years to complete the City's vision for this 55 acre treasure. I'm proud Snohomish County was able to help move the project forward.
