pm

The existing deck of Bridge 453, on 84th Street NE, 1 mile west of SR 92, will be replaced with a precast, pre-stressed concrete panel decking system. About 72 cubic yards of grading will occur when reinforced concrete slabs are installed in the approaches to the bridge. Cast-in-place concrete curbs will be installed, and the new deck surface and bridge approaches repaved. 84th Street NE at the bridge will be closed for 4-6 weeks, and a detour announced. The work is scheduled to take place in Summer 2013. This public notice is issued pursuant to Snohomish County Code Chapter 30.70.050(2), as required for this permit.

To learn more about the project, visit www.snoco.org and search "Bridge 453 Deck Replacement" or view the project file at the Snohomish County Public Works Customer Service Center, 2nd floor Robert J. Drewel Building, 3000 Rockefeller Avenue, Everett, WA or call Julie Highton, Senior Planner, at 425 388-3488 x 2341.

To comment on this project, send written comments to: Julie Highton, Snohomish County Public Works, 3000 Rockefeller Ave., M/S 607, Everett, WA 98201 or julie.highton@snoco.org.
