County Council Approves Small Project Grants

Since 2012, the Snohomish County Council has authorized Small Capital Projects Partnership (SCPP) grants. The purpose of the grants is to provide supporting funds, for small capital projects in Snohomish County, to applicants who have partnered with a public entity on whose land the field or facility is located. The resource for this program is the Real Estate Excise Tax II.

The budget for 2016 projects is \$75,000. Eleven grant applications were received by the May deadline. All applications submitted were qualified to receive funds.

“I am excited that we were able to assist so many deserving projects that would otherwise be overlooked in most grant programs,” said County Council Chair Terry Ryan. “Terrace Park is utilized by children of all ages in Arlington and it is wonderful that it is getting a much needed safety upgrade,” added Councilmember Ken Klein.

Projects receiving funding:

- Brier Elementary School/Brier Elementary School PTA: Two soccer goals with nets and accessories: \$1,436
