

### Recommendations for allocation of 15-17 PSAR Return Funds

			Benefit	Certainty	Amount Requested	Recommendation	Priority	Notes
<b>Cost increases</b>								
15-1131	Adopt A Stream Foundation	Woods Creek In-Stream Restoration Partnership	79	80	\$35,000	\$35,000	3	Support ongoing projects continuing. Encourage AASF to re-establish contact with land owner who had signed LOA
14-1226 R	Sound Salmon Solutions	Cherry Creek Restoration Phase I	74	69	\$101,068	\$50,000	2	Support ongoing projects continuing. Encourage sponsor to continue to pursue cost effective options. Project to be priority for 17-19 PSAR funds freed up by partial funding that the Woods Creek culvert project will receive (\$51,560)
<b>Jumpstart funds</b>								
16-1608 R	WFC	Woods Creek Culvert Replacements	79	91	\$51,560	\$51,560	1	Provide financial support for sponsors in need. Anticipate that if needed, the \$51,560 in 17-19 PSAR funds that are "freed up" in the Woods Creek Culvert project could be allocated to Cherry Creek
<b>Alternates</b>								
16-1574 R	Tulalip Tribe	South Fork Skykomish Restoration Using Beaver	77	71	\$192,089	\$33,997	4	Support ongoing projects continuing (partially funded by CWM)
17-1269 A	Forterra, Tulalip Tribes	Wallace-May Nexus Acquisition	80	77	\$90,227	\$0		Encourage sponsor to apply in 2018 grant round. Project Review Committee to urge sponsor to provide more detail in next proposal
17-1238 P	Snohomish Conservation District and Wild Fish Conservancy	Woods Creek Culvert Cooperative Design (Phase 2)	68	80	\$86,900	\$29,378	5	Support project moving forward; ~\$29,000 will cover designs for the SCD - Friar culvert.
<b>Total Request</b>					<b>\$556,844</b>	<b>\$199,935</b>		
<b>Total Available</b>					<b>\$199,935</b>	<b>\$199,935</b>		
<b>remaining 2015 - 2017 PSAR to reallocate</b>					<b>-\$356,909</b>	<b>\$0</b>
