Timing & Funding

Construction Schedule

The project area includes 35th Ave SE from 180th St SE to Seattle Hill Road.

- Construction is anticipated to begin in May and will take two years to complete
- Traffic control for the project includes single-lane closures during the week
- Some weekend work will require full road closures

Contractor

Marshbank Construction of Lake Stevens was selected as the construction contractor.

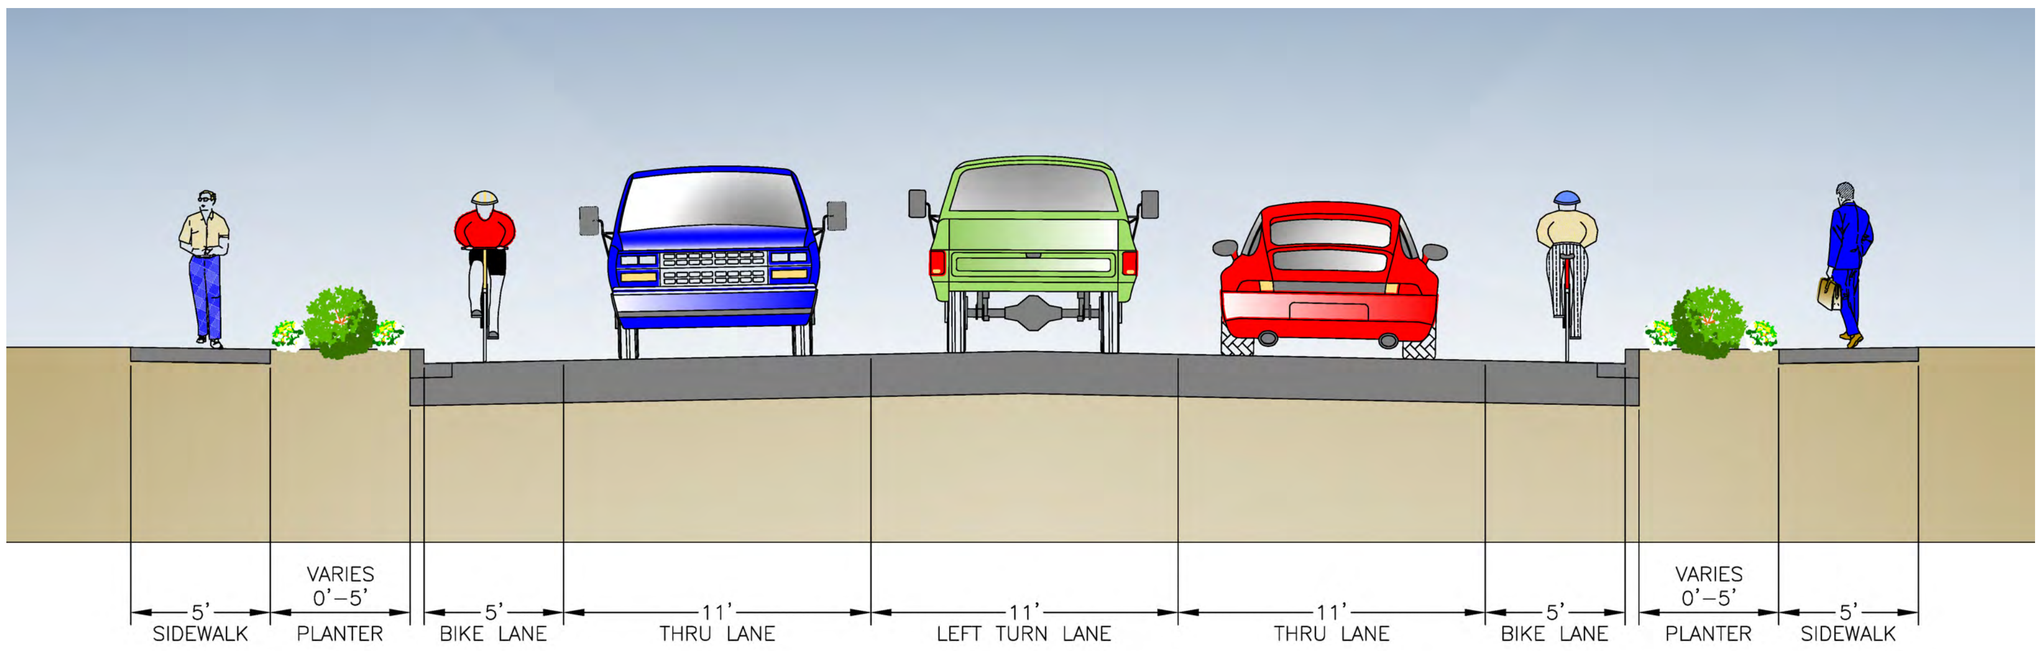
Funding

Construction is estimated to cost $8.7 million and is provided through federal and state grants, along with the Snohomish County Road Fund.

Benefits

This project includes:

- Widening the roadway to include a center turn lane and bike lanes
- Adding sidewalks and planter strips
- Improving stormwater detention and treatment facilities
- Adding a signal and right-turn lane at 156th St SE



Existing west side of road.

Project will add a signal at the intersection of 35th Ave SE and 156th St SE

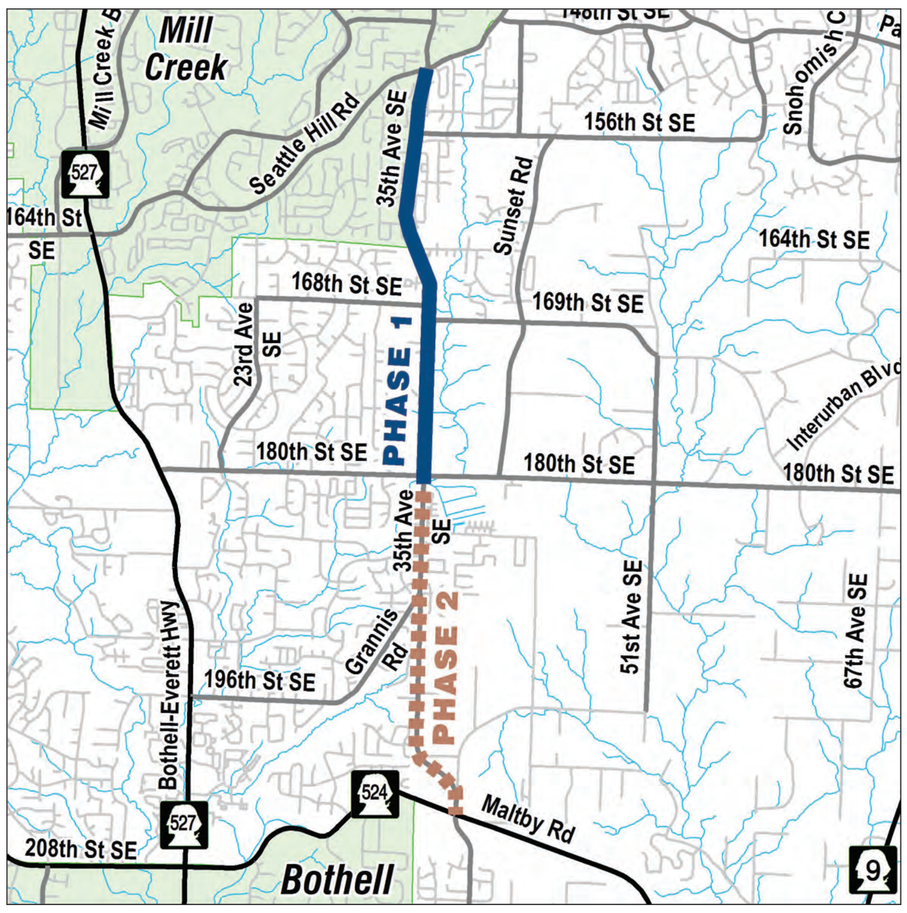
35th Ave SE – Phase II

Project Details

This project includes 35th Ave SE from SR 524 to 180th St SE and is in the design phase.



Construction is tentatively scheduled for 2020-2021.

- Four-lane section between Jewell Rd and 197th St SE: bike lanes, curbs and gutters, and sidewalks
- Three-lane section from 197th St SE to 180th St SE: center turn lane, bike lanes, curbs and gutters, planters where feasible, and sidewalks
- New stormwater detention/treatment facilities
- Add a new signal at 184th St SE and modify signals at 197th St SE and 198th St SE

Funding

The preliminary construction cost estimate is approximately $8 million.
