Hi Ryan,

I apologize for my delay and for the confusion. We didn't submit new comments for the 12/14 version. It appeared that many of the Sno County comments (with Shoreline comments incorporated) weren't entirely addressed in the most recent iteration of the Methods and Assumptions document so we were mainly looking to see how our original comments, and yours, were going to be addressed. My understanding of the answer to that question is that you have informed BSRE that they have a number of things they still need to address. However if they want to move forward with submitting a DEIS, they can do so at their own risk.

Thanks,

Kendra Dedinsky, PE, PTOE

**Subject:** RE: Methods and Assumptions Review

Hi Kendra

I think we are getting closer to figuring this out, but not quite there. The agenda from yesterday's meeting referred to comments on the 12/14/15 methods and assumptions memo. What you forwarded was the City's comments on the 7/6/15 methods and assumptions memo. Perhaps I am misunderstanding the question. Was the agenda to discuss how the comments on 7/6/15 were incorporated into 12/14/15? I took the agenda items to mean that there were additional comments on the 12/14/15 memo. The short answer is that many of the City comments on 7/6/15 were incorporated into the SnoCo comments. If there are additional comments on 12/14/15, then I still need help finding those.

Thank you!

Ryan

Here is the email string regarding our comments on the methods and assumptions.

*Thanks,*

*Kendra*

Hi Kendra,

Thank you for the comments! We have received them but I will not be able to review them until next week. I'll follow up later if I have any questions. Have a great weekend!

Ryan

Hi Ryan,

Attached for your consideration are the City of Shoreline's comments on the July 6<sup>th</sup> *Transportation Analysis Methods and Assumptions* memo submitted by DEA for the Point Wells Mixed-Use Development Project.

Thanks and please feel free to contact me directly with any questions,

Kendra Dedinsky, PE, PTOE
