Comments:

I am concerned that a Urban Center/Village development would ~~have~~ result in increased traffic activity on the street where I live.

Not to mention on Richmond Beach Road and 185th which I use daily - to go to work, to go shopping etc etc.

I am also concerned that the city of Shoreline and the communities of Richmond Beach and Louis Arden will bear the burden of this development - in many areas - without the opportunity to benefit from taxes. ~~The~~ I think the question of how to compensate ~~the~~ Shoreline & King Co. with tax money is an important question.

Input to the scope of the EIS can be given verbally at the public scoping meeting or in writing at any time during the comment period, which ends on March 3, 2014. Written comments can be sent to:
