POINT WELLS MIXED-USE REDEVELOPMENT PROJECT EIS

PUBLIC SCOPING MEETING, FEBRUARY 18, 2014 PUBLIC COMMENTS ON SCOPE OF EIS

Comments:

1. An alternative route to & from the proposed development other than Richmond Beach Road is strongly recommended. I live on 15th Ave NW and accessing Richmond Beach Road will be difficult with increased traffic.
2. As a descendant of the Duwamish Indians & current member of the Tribe, I would prefer to see our ancestral land at Pt Wells be a park where our children & grandchildren can enjoy the natural beauty of the area.
3. The increased population will impact the Richmond Beach community and it will no longer be the quiet, neighborhood-like community. Our community is currently a distinct group and new residents are given a welcome packet with useful information. This unique community feeling will go away.

Input to the scope of the EIS can be given verbally at the public scoping meeting or in writing at any time during the comment period, which ends on March 3, 2014. Written comments can be sent to:
