Hi Tom,

Say. I thought you were already listed on the Parties of Record register for the Point Wells project, but I was adding other names and addresses and I noticed you were not on the list. I added your name, but I don't have your mailing address. If you can send me your address you will receive all the County notices on the project.

Thanks.

Hi Mr. Mailhot,

Thanks for your question about the scoping document / notice. I apologize for not spell your name correctly in my last e-mail. I would be able to e-mail the scoping notice to you as soon as it is finalized and signed. That means you would receive it before it arrived by regular mail. Unfortunately, the County would not able to send it out in draft form before it has been signed.

Thanks.

Thanks for the prompt reply.

Would it be possible for you to send me a draft copy of the County's scoping document (or direct me to where to view it on your web site) prior to the opening of the comment period?

Thanks!

Tom

Hello Mr. Maihot,

Thanks for your e-mail. The EIS scoping period has not begun yet, although we anticipate that it should start soon. A scoping notice will be mailed out at the beginning of the scoping period and the date and location for the public scoping meeting will be included in the notice.

Please let me know if you have any other questions.

Darryl

Snohomish County has announced their intention to start a 30 day scoping period for the EIS for the proposed Point Wells development. Have the scoping dates been set yet? Have the dates for the public meetings been set yet?

Thanks!
