RE; BLUE SQUARE REAL ESTATE DEVELOPMENT APPLICATION FOR POINT
WELLS, FILED 3/4/2011 WITH SNOHOMISH COUNTY.

This is a formal comment against approval of this development by Snohomish County, due to the inequitable tax burden it will place on residents of the City of Shoreline and the community of Richmond Beach; the decrease in vehicular safety; the gross reduction in the quality of life the Richmond Beach and adjoining neighborhoods, and the failure of Snohomish County to meet the regional planning statutes and regulations of the State of Washington governing such a proposed development.

Sincerely,

George W. Mauer
