Subject: Gary Huff's suggested text for DEIS re vesting and Shoreline's trip limits
Attachments: Potential Response to Comments Re Shoreline Trip Limit.pdf

Ryan,

I just reviewed text that Gary Huff seeks to have included in the DEIS regarding vesting and Shoreline's trip limits. The attached PDF contains Mr. Huff's suggested text and my objections to his suggested text. After you review my comments, I'm certain that you will see why much of Mr. Huff's text should not be included in the DEIS.

I have previously emailed to you a detailed spreadsheet about Shoreline's rules that might limit traffic volume to/from Point Wells, and about how vesting might apply. Please consider using the material from my spreadsheet for the DEIS.

Thank you.

Tom McCormick

Hi Ryan-

Per your request, attached is an outline of potential responses to comments on Limit prepared by Karr Tuttle. Please review these responses. If you approve key points in Chapter 2 of the DEIS.

Also attached are the points of discussion and action items from our 7.16.15 c know if I've misrepresented any of these.

Thanks-
