**Subject:** Point Wells

I agree with the scoping comments submitted by the City of Shoreline on February 14, 2014 and have major concerns with the impact that this development has on the Richmond Beach neighborhood. Furthermore,

The Oso mudslide tragedy should be a reminder that there is more at stake with Point Wells than transportation (or as has been often narrowly construed, traffic). Point Wells sits on top of a 20 acre landfill and at the bottom of a slippery slope.
