Ms. Zinter,

Thank you for your e-mail. I will print it and place it in the Point Wells preliminary short plat file (11-101007 SP) and the urban center file (11-101457 LU) and copy it to the PDS Director's office. I will also copy your e-mail to the PDS traffic engineer assigned to the short plat and add you to the Parties of Record list for the project.

PLEASE, PLEASE, PLEASE, THIS WILL NOT WORK. There is absolutely no access that is acceptable. This land is too special to develop as you plan. We have so little beach property that can be enjoyed just as a small park. LET IT GO. **No urban development in this area.** GIVE IT UP before many lawsuits and our time and tax dollars are wasted on someone from out of our Country's Dream.

ENOUGH IS ENOUGH.

I WORKED TO GET UNDERGROUND WIRING AND A SIDEWALK IN THIS AREA AND WILL FIGHT TO THE END ON THIS IMPOSSIBLE PROJECT. Actually I worked 5 years for the above and will continue to do what ever is necessary for the proposed project.
