Date: Wednesday, May 09, 2018 8:03:11 PM

Putting a large development at the end of Richmond Beach Rd. at Point Wells would be asinine. The traffic is already backing up with the conversion to a two lane road.

The tall buildings by the shoreline would be way out of proportion to anything in the area.

There is no good public transit in the near future.

Please do not place this burden on west side Shoreline communities.

A good Shoreline neighbor since 1980,

Janis Mercker, MD
