---

I have lived in Richmond Beach on 198th street for 48 years. My back yard opens to 199th Street as well. My house is a block and half from Richmond Beach Road. At present , many Richmond Beach residents and their children like to walk down 199th to the park at the foot of 199th Street. There are no sidewalks on any if these streets. Increased traffic from Point Wells would be a hazard. I am not a nimby but this project has been a nightmare from start to finish. Noise, cleanup, etc. etc. have not been addressed .
