To whom it may concern,

As a homeowner in Richmond Beach, I am writing this letter to express my strong opposition to the Point Wells Urban Center Project. After reading the proposed project thoroughly it is extremely hard to see how this will possibly feed the soul of our community here.

Aside from the aesthetic and logistical considerations that make this project terrible for our environment and those of us who live here, the amount of time, energy, and tax-payer dollars being spent to accommodate a foreign speculator should, at this point, take a Point Wells Urban Center completely off the table.

Additionally, and while I understand there would be other access points to Point Wells, the fact that Richmond Beach road was just bumped down to only 1 lane each way (traffic is already starting to pile up), the extra load of PW residents cutting through King County will be all the more noticeable.

As a local tax payer, please hear my voice and the many of those who will be most affected by this project.
