Mountain Loop Highway Opens in Time for Memorial Day Weekend

Route prepared by Snohomish County Public Works and U.S. Forest Service

EVERETT, Wash., May 25, 2018 – Snohomish County Public Works, in partnership with the U.S. Forest Service, reopened Mountain Loop Highway to traffic in both directions on May 24, 2018. The highway underwent its annual winter closure in December.

“We are pleased to reopen the Mountain Loop Highway as we know there are a lot of campers and hikers who use this route during the summer months,” Snohomish County Public Works Director Steve Thomsen said. “Our crews and the U.S. Forest Service have done a great job preparing the highway and we are happy to open it up in time for the Memorial Day weekend.”

A stretch of the road, 14 miles, is gravel and it is closed each winter due to snow and road conditions. Each spring, the Road Maintenance Division coordinates with the U.S. Forest Service to perform any necessary maintenance on the road prior to its reopening.

During the summer months, more than 100 cars on average use this route each day with up to 200 cars traveling each day on the weekend.
