

SNOHOMISH COUNTY PUBLIC WORKS 

## S. Fork Sauk River Bridge #540

S. Fork Sauk River Bridge #540 was reopened to vehicles on May 16, 2012 after a week-long closure for a temporary repair. The 3-ton weight limit is in effect. Heavier vehicles rumbling over the bridge could cause further damage and require a long closure. Please observe the weight limit and notify propane providers, and others.

Thank you,  
Tina Hokanson, Communications Specialist
