Population and Employment Growth in the Central Puget Sound Region

PSRC’s draft forecast shows 1.8 million more residents and 1.2 million more jobs in the region by 2050.

Sources: U.S. Census, Office of Financial Management, Employment Security Department, PSRC
The Exercise: Determine where in Snohomish County an additional 250,000 new residents will live by placing colored dots on a map.

Materials:
A base map of Snohomish County identifying incorporated and unincorporated areas along with designated commercial and national forest areas.

A set of colored dots; a key on the map shows the amounts of population each colored dot represents.

1 tally sheet which can be used to track the amount of population that has been allocated on the map.

*Each table will need to appoint a spokesperson who will report back to the larger group.*
The Exercise: With more information about the planning framework and the Regional Growth Strategy, determine where in Snohomish County an additional 250,000 new residents will live by placing colored dots on a map.

Materials:
For this second exercise the base map of Snohomish County includes: city/town boundaries, urban growth boundaries, the future Sound Transit 3 light rail line, Community Transit’s existing and proposed bus rapid transit lines, designated agricultural lands and parks and public lands.

A set of colored dots; a key on the map shows the amounts of population each colored dot represents.

1 tally sheet which can be used to track the amount of population that has been allocated on the map.
