## Recycle latex paint for a FEE

The Snohomish County's Household Hazardous Waste Drop-off Station in Everett accepts liquid latex paint for a fee. Bring latex paint in its original container to 3434 McDougall Avenue on Wednesday through Saturday, from 8 am to 4 pm. **Do not combine partial cans of paint.** The paint will be recycled by a third-party partner.

### Latex Paint Recycling Fee

Containers 1 gallon and smaller:	5-gallon containers:
• 1–5 = \$10	• 1 = \$10
• 6–10 = \$20	• 2 = \$20
• 11–15 = \$30	• 3 = \$30

## Put dried-out latex paint in the garbage

Liquids are not accepted in the garbage, but latex paint can be put in the garbage if the proper steps are followed to dry it out first. Here are three ways to dry out latex paint:

- 1 Remove the paint can lid and let the paint dry out in the can, in a well-ventilated area. Protect from freezing and rain, as well as curious children and pets. This only works when an inch or less of paint is left in the can and is most effective in the warmer months.
- 2 Mix kitty litter, mulch, soil, sawdust or shredded paper into the latex paint and allow the mixture to dry to the consistency of lumpy oatmeal. Use a 50/50 mixture for the fastest drying time.
- 3 Mix a commercial paint hardener such as "Waste-Away" with latex paint according to the directions.
