

# WORK SLATED FOR SUMMER 2019

## Hand Road Culvert Replacement

Snohomish County Public Works will be replacing twin culverts under the road near 12325 Hand Road east of Monroe during summer 2019. The current 24-inch diameter twin culverts are undersized which creates a partial barrier to fish. The twin culverts will be replaced with a single 14-foot wide concrete box culvert to allow for improved fish passage.

### Timeframe

Work is anticipated to take place during the summer of 2019.
