Re: Lake Stevens Sewer District Annexation (BRB 02-2018)

The Lake Stevens Sewer District has submitted a Notice of Intention (NOI) to the Boundary Review Board for a 60% petition method annexation of a 26.84 acre area. The NOI was deemed legally sufficient and filed with the BRB on April 30, 2018.

The Lake Stevens Sewer District has also submitted a letter to the BRB for the purpose of invoking the board's jurisdiction on this file. The 120 day BRB decision deadline has been set for August 28, 2018

Thank you for your help in the review of this proposal.
