

Building the Plan Update

A road map to the technical stages of the plan update, leads, timing, roles, and resources to build the work plan through June 2021

Reminder: Overall approach

Update on Stage 1 Elements

Stage 1: Existing or planned content

- A: COMPILE EXISTING INFO
- B: DEVELOP CONCEPTUAL DIAGRAM
- C: COMPLETE NEW WHITE PAPER(S)
- D: MONITORING PRIORITIES
- E: TABLE OF CONTENTS

Stage 2: New content

Stage 1

A. Compile existing info

- ✓ Develop list of foundational documents for update
- Compile strategies from foundational docs (SBPP, climate paper, etc)
- ✓ Complete status and trends report

Stage 1

A. Foundational documents

SNOHOMISH BASIN PROTECTION PLAN

December 2015

Prepared by
Snohomish County Surface Water Management
King County Snoqualmie Watershed Forum Staff
Tulalip Tribes Natural Resources Department

WRIA 7 Climate Change Impacts to Salmon Issue Paper
March 2017

Prepared for:
Snohomish Basin Salmon Recovery Technical Committee

Prepared by:
Beth leDoux – Snoqualmie Watershed Forum
Jessica Engel – King County Department of Natural Resources and Parks
Morgan Ruff – Tulalip Tribes Natural Resources Department
Colin Wahl – Tulalip Tribes Natural Resources Department

SNOHOMISH RIVER BASIN SALMON CONSERVATION PLAN STATUS AND TRENDS

APRIL 2019

Stage 1

A. Completed status and trends report!!!

This is the launch pad for the plan update

TC HOMEWORK FOR MARCH:

- Read
- Share with your team
- Get feedback and questions
- Report back

Stage 1

B. Develop conceptual diagram(s)

- Organized by species life histories
- These will help ground the work of the update
 - Check assumptions
 - Summarize what we know and how we think about species recovery in the basin
 - Connect work of the plan update to the future Life Cycle Model
 - Provide tools for communicating
- Under development
- Coming to TC for review soon!

Stage 1

C. Complete new white papers

- Water quality white paper – elements done by May?
- Estuary white paper (sets us up for new targets) – elements done by April; full “so what appendix” by summer
- Project effectiveness report – draft by Sept

Stage 1

D. Monitoring priorities

- Compile, summarize
- Align with regional monitoring
- Define VSP for each species of interest
- Work underway!
- This won't be new content

Stage 1

E. Table of Contents

- Defines length, detail, audience
- ID additional elements for development in Stage 2
- Need TC feedback from Status and Trends report and expectations on the Update

Stage 2

New contents

- Develop and vet new strategies
- Develop new implementation targets
- Data gaps/research needs

Reminder on structure

- Structure and roles are laid out in following slides
- Reminder that Core Team uses the time after the TC meeting
- We will invite people we need to help consult on certain topics to the Core Team meetings

Roles:

Stage 1:
