

Snohomish County Executive Dave Somers
On Boeing Announcement
March 23, 2020

“Boeing employees are our neighbors and family members. They are Snohomish County’s number one employer, and we know how tough this decision must have been. But it’s the right one. We stand ready to support Boeing and its employees during this challenging time. We’re all in this together. I know Boeing with its world-class workforce will be back, stronger than ever, as quickly as it’s safe to do so.”
