Statement on Phase II Actions
Dave Somers, Snohomish County Executive

“I want to thank the Snohomish Health District Board of Health and the Snohomish County Council for agreeing to apply for a variance to move us into Phase II of the Governor’s Re-opening Washington plan. I fully support their actions. Depending on announcements later today, we expect the plan to be submitted by the end of the day on Monday, June 1. The residents of Snohomish County have done the hard work in flattening our curve and taking care of one another by social distancing. As we apply for, and I hope enter, phase II, we will all need to remain vigilant about our activities. We need to get people back to work and not have a major spike in cases. It will be up to everyone to be smart and maintain the measures that have worked so far.”
