

# Notice of Land Disturbing Activity (LDA) Richardson Creek Bridge #300 Replacement

## Project Description:

The project proposes to replace Bridge 300 with a longer and wider bridge to improve safety and provide for bicycle and pedestrian facilities. The proposed bridge will be constructed in the same location as the existing bridge and will be designed to urban standards due to the bridge location's proximity to the Monroe Urban Growth Area boundary.

The project is located east of Monroe on Woods Creek Road. Additional right of way acquisition is not anticipated for this project, but temporary construction easements will be needed to accommodate bridge demolition and bridge replacement construction. Approximately 24,050 square feet of land disturbance would occur.

**Project Name:** Richardson Creek Bridge #300 Replacement  
**Project Number:** RC1419  
**UPI Number:** 17-008  
**Lead Agency:** Snohomish County Public Works  
**Date of Publication:** January 24, 2021

This notice is being issued pursuant to SCC 30.70.050(2).
