Project Description:
Project Description: Snohomish County Public Works proposes to construct an urban single lane roundabout at the intersection of Larch Way/Logan Road and Locust Way. The intersection is currently all-way stop controlled. Each road has one through lane in each direction with no curb, gutter, ramps, crosswalk marking, or sidewalk. The roundabout design includes a right turn slip lane for vehicles traveling from northbound Locust Way to eastbound Logan Road. The roundabout will have a 140-feet inscribed circle diameter. In addition to the roundabout, the roadway intersection improvements will include curbs, gutters, and a 10-foot shared use path for pedestrians and bicyclists. Stormwater facilities will be constructed to provide flow control and water quality treatment through infiltration. Construction is planned to begin in 2023.

State Environmental Policy Act (SEPA) Decision:
On May 6, 2022, Snohomish County Public Works determined that this project does not have a probable, significant adverse impact on the environment and has issued a Determination of Non-Significance (DNS). An environmental impact statement (EIS) under RCW 43.21C.030(2)(c) is not required. This decision was made after review of SEPA documents and other information on file with this agency. These documents can be viewed on the county’s website: www.snohomishcountywa.gov/3811.
